

# WHERE DOES THE MONEY GO?

FUNDS RAISED FROM THE NF HERO CHALLENGE SUPPORT  
FAMILIES IMPACTED BY NEUROFIBROMATOSIS IN AUSTRALIA

## NF MEANS A LIFETIME OF UNCERTAINTY

This creates a lot of fear and anxiety, leading to feelings of grief, isolation and depression.

Conquering NF is more than just finding a cure, it is also about empowering those impacted with knowledge, connections and support.

We provide a range of mental health and wellbeing programs that are designed to improve life outcomes and address key issues affecting those living with NF at any stage of their journey.

## HELPING TO SIMPLIFY COMPLEX HOSPITAL SYSTEMS

Funding is invested into clinical nurse specialists and research studies across four hospitals to help patients with NF navigate the complex hospital system, streamlining assessment and treatment of NF symptoms.
