

WE ARE GOING

# BLUE & GREEN

in support of kids and families impacted by Neurofibromatosis (NF) in Australia and the Children's Tumour Foundation.

ON MAY 17

## LET'S BRING NF OUT OF THE SHADOWS

May is NF Awareness Month.

Neurofibromatosis (NF) is a genetic condition that causes tumours to grow on nerves in the body, including the brain and spine. There is no cure - but there is hope!

**WHY DRESS IN BLUE AND GREEN?** To help the Children's Tumour Foundation start a national conversation about NF.

Children with NF and other genetic conditions often feel isolated, misunderstood and alone. BUT, talking openly about NF can be the first step in building understanding and acceptance amongst peers.

We want you to help us celebrate diversity (including genetic diversity) by bringing NF out of the shadows and demonstrating that our differences don't have to divide us. It can bring us closer.

A **gold coin donation** from every student can add up to A LOT of support for our NF Heroes.

## WHAT YOU NEED TO DO

### REMEMBER TO WEAR BLUE OR GREEN

Make sure you wear blue or green on your school's chosen day instead of your school uniform!

### GOLD COIN DONATION

To help support the Children's Tumour Foundation, we are asking everyone to bring a small donation on the day.

### WEAR A NF RIBBON

Find out if your school has pre-ordered ribbons to sell on the day, otherwise you can purchase directly at [ctf.org.au/store](http://ctf.org.au/store) for \$5

**CTF.ORG.AU**
